

# Software Requirements Specification (SRS)

## Project Title: Online Shopping Store for Clothes

Prepared by: Muhammad Umair Mustafa

Date: 05-12-2026

### 1. Introduction

FashionHub ek online platform hai jahan users kapray browse, select, aur purchase kar sakte hain. Is system ka maqsad shopping experience ko aasaan aur convenient banana hai.

### 2. Purpose

- Online clothing store jahan customers variety of fashion products dekh kar online order kar saken.
- Sellers ko apne products upload karne ka platform provide karna.
- Secure aur fast transactions ka system provide karna.

### 3. Scope

- User registration & login
- Product browsing & search
- Shopping cart functionality
- Order placement & tracking
- Admin panel for product & user management
- Payment gateway integration (future scope)

### 4. Users

- Customers: Jo kapray kharidna chahte hain
- Admin: Jo products aur users manage karta hai
- Sellers (optional): Jo apne products upload karte hain

### 5. Functional Requirements

- User registration/login with validation
- Product catalog display with filtering options
- Add to cart, update, and remove items
- Order placement and confirmation
- Admin dashboard for managing users and products
- Search functionality for products
- Responsive design for mobile and desktop devices

## 6. Non-Functional Requirements

- Performance: Fast loading pages
- Security: User data protection and secure login system
- Usability: Simple and intuitive user interface
- Scalability: Multiple users simultaneously support
- Reliability: Minimal downtime and error handling

## 7. Technologies Used

Frontend: HTML, CSS, JavaScript

Backend: Node.js, Express.js

Database: MongoDB

Others: REST API, JSON data format

## 8. Assumptions & Constraints

- Internet connection is required
- Payment gateway integration not included in MVP
- Valid email required for registration

## 9. Conclusion

FashionHub ka aim hai ke users ko ek seamless aur easy online clothing shopping experience diya jaye. Future updates mein payment gateway aur seller functionalities add ki jayengi.
